

Spontaneity is key

Structure, planning and organisation, making things run smooth
Restrict my creativity and make me lose my groove
I find I work on impulse, spontaneity is key
It may not work for everyone, but always works for me

Giving me a deadline of things that must be done
Leads to disappointment, as I disappear and run
Where if I'm asked to make it quick, it's needed right away
My brain kicks in, I'm producing, and it's done within the day

If you want me, to really be, reliable and useful
I can't deny, I will not lie, I'm honest and I'm truthful
I can't react if I'm tightly mapped and restricted to a plan
I panic and I feel so trapped, becoming half a man

I'm a man that likes to help, you don't have to ask me twice
I'll jump through hoops for anyone, if they ask me nice
Yes I'll always do, whatever is in my power
But don't give me a timetable, just give me half an hour
