

The Greatest Person in the World
Dedicated to: My Parents
By: Joan Pacinabo

When I was small you really took good care of me
I'm so sorry if I always made you angry
Thanks for teaching me what is right from wrong
Because you want me to grow as a good person
You show me the way to God
To be able to feel His love

Thanks to you for not giving up
Thanks for giving me your heart
I knew you'd sacrifice a lot
You're the only rock I got
A diamond that gives me light in my path
Being lost, you never want that

I see how you nurture my sibling
If only you can give us everything
But you did your best just to give us our needs
Growing not having the things we wanted
I know your heart bleeds
Don't you worry, we understand in deed

Parents, thanks a lot for everything
Every time you scolded me
Every spank you gave me
I know I been so naughty
But I'd changed already.
